

# CT ABC Accident Investigation Kit

CT ABC has developed an Accident Investigation kit designed to assist ABC members investigating any type of accident whether on a jobsite or in the office. The kit comes in a nylon duffel bag and includes basic investigation tools and a Crisis Management/Emergency Procedures Manual to help you walk your company through the first few hours of a crisis. It also includes sample responses to inquiries from the media. Everything you need in one place! Buy one for each job site and company vehicle! The best way to implement the use of the kit in your company is to have a company representative attend a CEC accident training class.

**A sample of the items included in the kit are:**

- |                               |                                   |
|-------------------------------|-----------------------------------|
| <b>Safety glasses</b>         | <b>Tyvek suit and boot covers</b> |
| <b>Heavy duty work gloves</b> | <b>Caution tape</b>               |
| <b>Flashlight</b>             | <b>8x10 foot tarp</b>             |
| <b>Notebook and pen</b>       | <b>Mini first aid kit</b>         |
| <b>Disposable camera</b>      | <b>...and much more!</b>          |

Consider the time it would take to do this on your own! Questions? Contact Suzanne at (860) 529-5886 (x305) or [suzanne@ctabc.org](mailto:suzanne@ctabc.org) for more information.

**ABC members:\$190 / Non-members:\$250**
