

LEED® ACCREDITED PROFESSIONALS TEST PREP COURSE

LEED® is the predominant Rating System in which buildings are benchmarked for design, construction and operation of high performance green buildings. LEED Accredited Professionals (AP) indicate that you have the knowledge of the LEED rating system and competency in the LEED certification Process. The LEED AP exams were developed to recognize an individual's understanding of green building practices and principles and familiarity with LEED requirements resources and processes. LEED AP's are eligible to earn one point toward the LEED Certification process of building design and construction.

This test prep course will prepare individuals to take the LEED AP test. The Construction Education Center does not function as a test center and the registration process for the actual test will be reviewed the day of the test prep course. This program will be facilitated by a LEED AP instructor through PPI. PPI is an independent publisher of licensing exam review materials. PPI instructors have design, engineering and construction industry knowledge and experience.

COURSE DESCRIPTION

This 8-hour comprehensive review is designed to establish an understanding of green building and how it applies to the LEED Rating System. The materials covered apply to the New Construction, Commercial Interiors and Existing Buildings Accreditation Exam Tracks.

Course content includes:

- LEED NC v2.2 Rating System Credit by Credit Review
- LEED-NC AP v2.2 Exam Review
- Project Scenario Review

Cost of course includes:

- PPI's LEED® NC 2.2 Sample Exam Book
- PPI's LEED® NC 2.2 Practice Problems Book
- Food & Refreshments

COURSE DATE - June 20, 2008

COURSE TIME - 9:00 A.M. - 5:30 P.M.

COURSE COSTS - \$500 - CT ABC member; \$650 - Non Members. Discounts will be given for multiple registrations from same company. Call for details.

COURSE LOCATION - Rensselaer at Hartford, 275 Windsor Street, Hartford, CT
