Support Our  
Industry!

Wednesday, April 30 2025  
New Life Church

CT ABC is dedicated to doing its part to help provide our members and the entire construction industry with a highly skilled workforce. Construction Career Day is designed with the vision of showcasing careers in construction to High School students and to promoting the industry's image through Career Day's hands-on exhibitor demonstrations. Nearly 1,000 will participate in the day-long event featuring numerous indoor and outdoor interactive exhibits. Each student receives a hard hat, safety goggles, gloves and earplugs in a drawstring backpack upon entry to the event.

TOTAL **Holiday Party** Sponsorship:

## FEA Donation

The Free Enterprise Alliance is leading the campaign to Halt the Assault on America's free enterprise system. The Free Enterprise Alliance is the action arm for small businesses, entrepreneurs and other advocates of limited government, open and fair (and intense) competition, and the economically sound principles upon which America was built.

At the heart of the Free Enterprise Alliance's mission is the belief that while we need government for common sense regulations, the scales have tipped too far in favor of government intrusion and its advocates. The Free Enterprise Alliance believes small business and entrepreneurs—not union bosses and federal bureaucrats—grow jobs and our economy.

The Free Enterprise Alliance was founded by ABC to advocate for the voice of small business as well as open and fair competition. Since its inception, it has fought for these goals through research, outreach, and national TV, radio and billboard campaigns.

CT ABC has been supportive of these efforts over the years. Please note donations made to this fund can be corporate and are not reported on any campaign related financial statements.
